

Born from 22 years of interactive theater for the San Diego Zoo/ Wild Animal Park, **The Bubble Show** has delighted close to one million people.

Ellyn Hae and John Berthe are the principal “bubbleologists,” with years of experience in traditional book theater, and interactive children’s theater.

No two bubble shows are alike as a minimum of 12 volunteers light up the stage in bubble blowing contests, mentos bubble explosions, and a bubble rocket contest between the boys and the girls.

**The Bubble Show** makes the news wherever we play. If you’re anywhere near the bubble show you’ll hear singing, yelling and delight.
